

An offshore oil rig is shown at sunset, with the sun low on the horizon and the sky filled with orange and blue clouds. The rig is a complex structure of metal platforms and pipes, with several red lifeboats visible. The ocean is dark blue. The image is framed by large, flowing, abstract shapes in shades of orange and dark blue.

National & International Transactional Services

Muvoil
Consulting

Understanding
the Oil & Gas
industry in Mexico

Practice Areas

Banking and Finance.

- Our team has ample expertise advising clients in secured and unsecured financial transactions, both as lenders and as borrowers, allowing us to provide the necessary legal advice to facilitate such transactions for all parties involved throughout all the credit process (since origination and through any possible restructuring scenarios).

Project Finance.

- Muvoil has advised clients, including lenders, developers and investors, in connection with project finance transactions. Our expertise includes both infrastructure and energy projects (power and Oil & Gas).

Practice Areas

Mergers and Acquisitions.

- We have represented both Mexican and foreign companies in all relevant stages in connection with the investment in, and sale or acquisition of, companies and/ or assets (including due diligence processes, drafting and negotiation of all relevant agreements including APA's, SPA's and shareholders agreements), merger and spin-off processes.

Corporate Law.

- As part of our services, our team provides general corporate advise to clients ranging from book-keeping and other day to day corporate services to more sophisticated matters including corporate restructurings and drafting and negotiation of key operational and comercial agreements relevant for our clients' operations such as joint venture agreements.

Among our corporate services, our company has expertise in the incorporation, transformation, merger, spin-off and dissolution and liquidation of corporate entities.

Our Experts

Layla Vargas

M&A and Project Finance.

Energy lawyer with 20 years of experience in the private and public sector.

She is proficient in E&P Contracts. She designs and customizes regulatory and contractual strategies that focus on compliance to improve results while achieving operational and production objectives in a timely and consistently manner.

With wide knowledge in (i) international transactions (Swaps, FOAs, JVs, JOAs, SPAs, JBAs, Lifting Agreements, Licenses, and PSAs), (ii) procurement processes and contract management with international contractors (EPC, EPCI, SPAs, logistics and drilling services), (iii) project management of onshore and offshore infrastructure, and (iv) regulatory and contractual compliance. Layla was the first General Director for E&P Contracts at the Mexican Ministry of Energy (2014-2016), and she founded Muvoil Consulting on February 2018.

Daniel González

A financing and M&A lawyer with 14 years of experience in advising both foreign and local clients. In his practice Daniel has participated in several M&A and project finance transactions which have involved financings of up to USD\$200,000,000.00.

He has ample experience working with regulated industries such as Banking and Finance, Electricity, Telecommunications and Oil&Gas.
